

ABINASH KUMAR BASA

Baripada, Odisha, India | +91 8249900305 | abinashbasa15@gmail.com | linkedin.com/in/theabinashbasa

PROFESSIONAL SUMMARY

Aspiring Product Manager with a strong foundation in Mathematics, Statistics, and Data Science, currently pursuing an MBA in Product Management and Generative AI. Experienced in translating data into actionable insights through statistical analysis, machine learning, and process automation. Skilled at applying Generative AI tools to accelerate research, content, and product workflows, with a track record of improving operational efficiency through data driven decision making.

CORE COMPETENCIES

Product Strategy, Data Analysis and Statistics, Machine Learning Fundamentals, Generative AI Tools, SQL and Python, Process Automation, Market Research, Stakeholder Documentation (SOPs), Notion, Trello, Asana, Excel and Google Sheets

PROFESSIONAL EXPERIENCE

Operations & Data Assistant | Basa Academies Pvt. Ltd.

Oct 2021 to Aug 2024

- Built automated Excel reporting workflows, cutting manual reporting time by 40% and improving data accuracy for leadership review
- Managed engagement datasets using SQL and Python to track team performance and project timelines, surfacing trends used in operational decisions
- Authored Standard Operating Procedures (SOPs) in Notion, improving onboarding consistency and knowledge retention across the team

PROJECTS

Medical Insurance Cost Prediction (Data Science / Statistics)

- Analyzed a dataset of 1,338 records to identify key drivers of medical insurance charges, including age, BMI, smoking status, and region
- Applied and compared classical statistical methods (t-test, ANOVA, Pearson correlation, OLS regression) against machine learning models (Decision Tree, Random Forest, Gradient Boosting, SVR)
- Identified Gradient Boosting as the top performing model, demonstrating applied skills in statistical inference, feature evaluation, and predictive modeling

Snackify: Regional CPG Product Strategy (Product Management)

- Developed a product and go to market strategy for a packaged snack concept targeting Odia and Eastern Indian markets
- Built a 27 slide investor style pitch deck covering market sizing, positioning, and business case
- Practiced core product management skills including market research, competitive analysis, and stakeholder storytelling

AI Driven Personal Brand Platform (Generative AI / Content Strategy)

- Designed and built a personal portfolio website and content platform to showcase projects and knowledge sharing
- Used Generative AI tools throughout the workflow for content drafting, design, and structuring, applying prompt design and iteration to speed up production
- Planned a consistent content strategy, treating the platform as a product with defined audience and positioning

EDUCATION

MBA in Product Management and Generative AI, IIT Patna, 2026 to 2028

M.Sc. Mathematics and Data Science, Lovely Professional University, 2024 to 2026

LANGUAGES

English (Professional), Hindi (Professional), Odia (Native), Bengali (Conversational)
